The FHWA has determined that this proposed project will not have any significant impact on the environment not already considered in the Environmental Impact Statement (EIS). This finding of no significant impact is based on the attached Environmental Assessment (EA) and supporting documentation which has been independently evaluated by the FHWA and determined to adequately and accurately discuss the expected environmental issues and impacts of the proposed project. All substantive environmental comments received as a result of the scoping process, the public hearing, and the clearinghouse notification process have been considered and addressed as warranted. This EA and supporting documentation provides sufficient evidence and analysis for determining that a supplemental EIS is not required. The FHWA takes full responsibility for the accuracy, scope, and content of the attached EA and supporting documentation.
